## THE 2021 GENESIS G80 IN ROCKVILLE MD

### EXPERIENCE THE 2021 GENESIS G80 AT GENESIS OF ROCKVILLE IN NORTH BETHESDA MD

Ushering in a new era of luxury, the 2021 Genesis G80 is built to challenge conceptions of what a midsize sedan can be. Combining cutting-edge and classic features, the G80 will elevate your driving experience to a gear you didn't know existed.

For lease and purchase options, visit your Genesis of Rockville dealership today and experience the brand-new Genesis G80 that's setting a higher standard for midsize luxury sedans to live up to.

## PERFORMANCE

The 2021 Genesis G80 is built to leave the competition in the dust, boasting a 3.5-liter twin-turbo V6 option for those who refuse to settle for 'average.' A standard package features a 2.5-liter inline-four-cylinder engine that can generate 300 horsepower, injecting more vigor into your ride.

The moment you grip the steering wheel, you'll feel easy energy coursing through your veins and brace yourself for an electrifying experience. This sedan is not meant for the faint of heart.

If you supplement this raw power with all-wheel drive, you can enjoy smoother handling and some extra bite as you blaze through the streets of Washington DC.

## EXTERIOR

The streamlined body of the G80 projects natural speed. Designed to evoke the image of iconic race cars, the rear adopts the look of a curved coupe while the quad headlights transform into stylish streaks during driving.

However, this car isn't all about glamour. Fortified with a wider stance, this sedan also enables you to dominate the road with a formidable façade that commands respect.

The 2021 G80 harmonizes the past and the future while balancing flash and flare, which makes for a well-rounded and charming personality. As you glide through the streets of Arlington VA, people will long to catch a glimpse of the G80 in all its glory.

## INTERIOR

The Genesis G80 is packed with plenty of features while maintaining a simplicity that is unparalleled by any other luxury sedan. You can stretch out on plush seats coated in a material of your choosing, including Nappa leather with matte finish wood trim.

To make your ride even cozier, the climate control system is fashioned to relieve each row of passengers with a temperature that pleases them. You can also enjoy a breath of fresh air by opening the panoramic sunroof.

Committed to comfort while remaining clean and convenient, this car shows off its interior with a gentle grace. You can appreciate managing a crisp cabin while you cruise along your commute through Baltimore. Luxury has never looked or felt so effortless.

## TECHNOLOGY

Bringing luxury into the modern age, the 2021 G80 caters to your every need and preference. Besides remembering your seat position, this sedan can store memories of your sound settings, navigation settings, and more.

While you'll enjoy these customized capabilities, you can still appreciate simple details that make for an even more pleasurable experience. A 14.5-inch display screen with a heads-up display delivers plenty of room to focus on driving and entertainment.

Equipped with versatile features, the G80 provides a more personalized touch by anticipating your desires. You'll feel right at home as you make your way through Alexandria VA in a car created to complement your style.

## SAFETY

The 2021 Genesis G80 brings hyperawareness to your drive, ensuring that all outside factors are accounted for. Forward-collision and blind-spot warning systems protect you from surprises that may lie in front of or behind your vehicle.

Even when you're not driving, the G80 never rests. This midsize sedan will alert you when a vehicle is passing by your parked car, so you can exit safely and stride forward with confidence.

The world is moving faster these days, so you need a car that can pick up the pace while remaining mindful of your well-being. If you're looking for a vehicle that you can trust, then it's time to consider the leader of midsize luxury sedans.
